

# ANYTHING IS POSSIBLE

Nüdel is on a mission to transform learning with the best tools in STEM, creativity and social skills development. Our mobile, loose-parts tools can be reconfigured in endless ways to encourage self-directed learning. Everything we make is built-to-last, environmentally sustainable, easily maintainable and 100% of profits supports the charity Playground Ideas.

Created by Playground Ideas, a non-profit that has supported over 3million children across 143 countries to get access to play. Learn more at [www.playgroundideas.org](http://www.playgroundideas.org)
