LivCor

'LivCor' is the new brand name for APL Healthcare and Australian First Aid. This change reflects the growth of the business across six key customer groups, and many new innovative products and training courses ready for launch in the coming months. It also represents a streamlining of our operations that will benefit all customers and stakeholders long into the future.

Thank you for your patience while we make the transition between now and 1st December. All the same high quality products and training services will continue to be available, with exciting new solutions on their way.'
