"If there were problems we would find out straight away, and we don't hear that about Campion. It's about trust and reliability. I always just trust Campion and appreciate the partnership we've got. Even as Campion has grown, we haven't lost that relationship. It's efficient and it's reliable and it works and we're happy."

SOLUTIONS FOR YOUR SCHOOL AND COMMUNITY

St Aloysius
A Ministry of Mercy Education Ltd

"I would absolutely recommend Campion and the MC2 platform to other schools. It has helped our students have a seamless start to the year with their textbook accessibility. If they're coming to other classes or come in as a new student, it's supported them in that way.

Our students are really benefiting from having access to the MC2 platform. It is particularly helpful, it's

invaluable for our EAL students, or our students with specific learning needs. The the immersive reader feature of the Campion platform is just fantastic.

Our staff have loved having all the textbooks in one place and for our library staff it has saved us so much time and effort in having everything in a one-stop shop. "

Ali Ripberger, St Aloysius College SA

"Things have been so much better with Campion SecureConnect and the provisioning service and it

has definitely made our roll out of new textbooks to students and the orientation program a whole lot smoother. There is definitely less administrative work for our IT team, it's a set and forget thing, so once the link is there you don't have to worry, everything gets synced at night and updated and Campion is automatically notified of any new students, so that makes it a whole lot easier."

Leanne Miller, Brigidine College, NSW

"Campion's been a one stop shop and it grows with the school. I've seen

them grow as a company with the digital age and we're sort of learning together. And I like that. As we see something, we can bring it up with our representatives and they can work with us for a solution, because it benefits both of us."
