MY SCHOOL CONNECT POINT OF SALE

Directly integrate to your school stores:

GO CASHLESS

Whether you're an existing user of My School Connect or yet to come onboard, our dedicated team is here to take your school online, integrate POS, and transition to 'cashless'.

The My School Connect Point of Sale system is suitable to all schools Australia-wide. It works seamlessly with Magnetic Secure Transmission to manage your school's inventory, reporting and automated transactions. Easily track student information, monitor credit balances, and alert the cashier if there are any allergies or dietary requirements easily by scanning the student ID.

WHAT OUR USERS HAVE TO SAY

“

Fantastic service from My School Connect and Julia. We were able to raise a significant amount of money for our school raffle using their payment system and the link they provided for our emails. As it was our first time using the system, Julia was available all day and into the night for queries, assistance and tweaking last minute changes for us.

Thanks for all your help!

Joining our small school (200 pupils) canteen to the my school connect app has been the best decision. Within the first month we were already seeing an increase in the lunch orders being placed at the canteen. Every parent who uses the app comments how easy and quick it is to use and love the fact that they can see images of the food options too. We currently receive 50% of sales online which means 50% less coins to count. I highly recommend the MSC app to by school large or small

I was very hesitant at the start but now after 2 years I now wish I introduced MSC earlier!!! All parents love the convenience of realising they have no bread or coins in the morning so they can order on line using a very easy friendly system!!! School was happy to see a 20% increase in Sales, it was a great decision for everyone!
